

Griffin Elis

My name is Griffin Elis and I will be entering my senior year at North Reading High School. In school I am involved in Student Leadership and Mentoring, a community service club, and a future business leaders club.

I also play soccer in the fall and run track in the spring. Outside of school I enjoy playing basketball, listening to music, and spending time with my friends. I have one brother named Ben, who was a CIT at camp last year and will continue that for this summer.

This is my first year as a staff member at Summerscape and I can't wait to see what's in store for this summer. In the future I hope to attend a four year college and earn a business degree to pursue my future career options in that field.
